

Constant Current Dimming Controller

# Compact Constant Current Controller [ILC Series]

Compact designed constant-current controller with external ON/OFF, 0-5V control function.  
Directly connectable to IHV, IHVE, and IBF series

High-Cost Performance

0-5V

Comapact & high-cost performance constant current dimming controller

DC 24V input voltage ,easy to be mounted on a DIN rail.

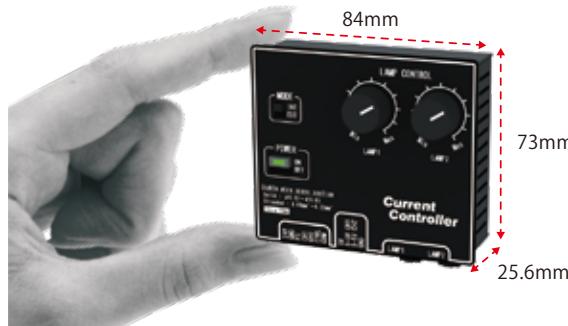

It is possible to control the IHV, IHVE, and IBF series with an external DC 0-5V signal for 0-100% output control.

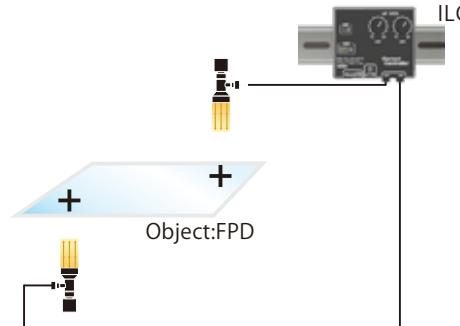

IHV, IHVE, IBF series, etc.

- Constant current controller that allows direct connection of the IHV, IHVE, and IBF series without the need for a resistor box.
