Transmittance 80% Diffuser Specification Changes

We are pleased to hear of your company's continued prosperity.

We would like to take this opportunity to thank you for your continued support.

We would like to inform you that we have decided to change the specifications of diffusers used in some of our products due to the end of production of parts used in our products.

We apologize for any inconvenience this may cause and ask for your understanding in this matter.

Detail

1. Details of the change

Diffuser material will be changed due to the end of production of the current diffuser material.

2. Time to switch

Orders received on or after April 1, 2025 will be switched.

However, the switch will be made as soon as the current stock of diffusers runs out.

3. Target Products

- IDBA series  
(Models with "S" at the end of the model name)
- IDBA-Q series  
(Models with "S" at the end of the model name)
- IDR-F33/16 series
- IFV series
- Diffusers of the following series (transmittance 80%) and Illumination using them
  - IKR series
  - IKHR series
  - IKBA series
  - IKBB series
  - IKBC series

\*Please contact our sales representative for detailed part numbers.

● **Comparison of old and new**

○ **Comparison of external appearance**
