Notice of LAN Connector (RJ45) Specification Change

Due to the discontinuation of parts used in our products, we are changing the specifications of the LAN connector (RJ45) used in some products. We hereby notify you of this change.

-Details-

1. Changes

We will be changing the LAN connector.
For details, please refer to Appendix 1.

2. Target Products

- IDGC series (-TP specifications)
- IDCA series (-TP specifications)
- *Includes custom-specification products.

3. Switchover Period

Orders received on or after Monday, March 1, 2027 will be switched over sequentially.
(Please note that this may vary depending on inventory and production status.)

If you have any questions, please contact our sales representative.

[Specification Comparison]

There are no changes to the product specifications.

[Exterior Comparison]

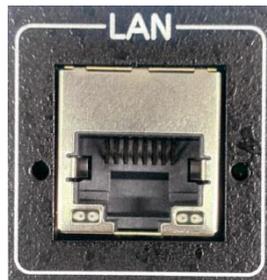

We will change the LAN connector.
